

UNITED CHRISTIAN DEMOCRATIC PARTY

# CONDOLENCES ON DECEASED MINE WORKERS

"READY TO DELIVER"

The United Christian Democratic Party registers heartfelt sympathy and condolences to the families of the nine mine workers who died underground at the Rustenburg Impala Platinum Mine.

We note that they leave behind families, friends, relatives and perhaps some wives and children. We hope that the authorities will look well after those affected by this mishap.

We, however, wish to call on the government to delve deep into this matter and find out if there was no negligence.

May their next of kin take it to heart and hold their heads high knowing that this shall also come to pass
