# THE UCDP CONDEMNS GUTTING OF SCHOOLS

“READY TO DELIVER”

The United Christian Democratic Party learnt with dismay that yet another school has been burnt down in Tlakgameng in the Ganyesa area.

The importance and need for education cannot be overemphasised in this present age. It is not acceptable, at all, that problems that have no bearing whatsoever on the tuition of children should be used not only to disrupt teaching but to also destroy structures that have to provide education.

Whoever are responsible for these heinous acts should hang their heads in shame as they have denied children their right to education which is being offered under trying circumstances.

While we do not encourage such vandalism, we in the UCDP advise those in power not to make promises they will not fulfil. No one has come up to rebut that the people were promised a tarred road.

That the future of some 9092 children is in peril because of some politicians who are wallowing in comfort is disconcerting as even the current crop of ANC politicians who hold the reins of power are hard put to addressing the situation. They keep on with business as usual.

Somebody in the North West government has to stand up and speak out on the unfortunate situation at Tlakgameng to restore order.
